

# Flat Type Elevator Control Cable

PVC insulated, PVC jacket 600 V

- Conductor: Fine stranded copper conductor
- Insulation: Color or Numbering code PVC insulation
- Jacket: PVC jacket with self supporting steel wire
- Rated: Temp. 75°C. Voltage 600 V.
- Application: For elevator control signal circuit or electrical equipment.

Part Number	Number Of Conductor	Conductor		Insulation		Material	Jacket	
		mm <sup>2</sup>	No./mm.	Non. Thickness mm.	Nominal OD. mm.		Nominal OD. mm.	Jacket Color
